PROFILE

As a computer university student currently interning at RIG Company, I bring a blend of academic knowledge and practical skills to my role. During my internship at RIG Company, I am gaining hands-on experience in applying theoretical concepts to real-world projects. I am actively involved in tasks such as coding, testing, debugging, and deploying applications. My internship at RIG Company is a pivotal experience that bridges the gap between theory and practice, preparing me for a successful career in computer science. I am dedicated to learning, growing, and making meaningful contributions during my time here and beyond.

WORK EXPERIENCE

- 2024-present
